Address of Burning _____

Date(s) of Burning: From _____ To _____

Quantity of Burning (# of Piles, Square Feet) _____

The following provisions must be met and understood by the person responsible for burning.

1. Prior to any burning, contact the Williams Fire Marshal at 928-635-4451 to verify that no burn restrictions are in place. (Burn hours: 8am to 3pm)
2. Notify the Williams Police Department 928-635-4461 and Kaibab National Forest Dispatch 928-635-2601 in advance of burning. These dispatch centers do not authorize burning. Permission is only obtained from the fire official.
3. The area to be burned MUST be inspected by the Williams Fire Department PRIOR to any burning (Only necessary on the first burn, if burning more than one date).
4. An adequate water source and delivery system must be present at all times while burning is being conducted.
5. The landowner or their designated representative must be present at all times while burning is being conducted.
6. Only organic material may be burned. (Untreated wood, brush, grass, etc.) No paper or plastics.
7. No more than 50 cubic yards (14' x 14' x 7') of materials will be burned in a single pile.
8. An area of 10 feet around the burn will be cleared to mineral soil prior to ignition.
9. All burning will be completely extinguished before abandoning the site.
10. No burning will be done when winds exceed 10 M.P.H.
11. A letter of authorization from the landowner must be presented to the City of Williams before a permit will be issued (if other than the landowner is doing the burning).
12. The landowner is responsible for any damage caused by the burning.
13. The landowner will pay for any and all costs incurred in suppressing the control burn or any fires caused from the burning.
14. The burn permit must be in possession of the person conducting the burn.
15. The permit is subject to revocation if burning conditions, rules and stipulations are not met.
